BLANK FOR CHIEF'S PREFACE

To all Personnel:

The Village of Yellow Springs Police Department Policy Manual is a document that is meant to serve as guidelines and to provide policy direction for the operation of the organization as a whole. It is intended to be a dynamic instrument that is subject to necessary changes and updates, as needed.

In all situations that are not specifically addressed in this manual, it is expected that all personnel will act with good judgment, common sense, and in a manner generally consistent with this manual.

Adherence to this Manual of Policy and Procedure is critical to the overall success of our Department. It assists us in monitoring effectiveness, while serving to hold each of us accountable for our actions. It stands as an immediate recourse document ready to assist all members of our organization in accomplishing the goals of our stated mission.

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or abuse and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

100.2 POLICY

It is the policy of the Yellow Springs Police Department to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. The principle of reasonableness guides an officer's determinations, and the officer should consider all surrounding circumstances in determining whether any legal action shall be taken. This department does not tolerate abuse of law enforcement authority.

For guidance on the proper handling of persons listed in ORC 2331.11 "Privilege from arrest" and members of the United States Congress and Military Personnel, refer to [Yellow Springs PD Procedure Manual: 100.1 IMMUNITY FROM ARREST PROCEDURES](#)

100.3.2 ARREST AUTHORITY OUTSIDE THE JURISDICTION OF THE YELLOW SPRINGS POLICE DEPARTMENT

The arrest authority of any peace officer extends outside the limits of the employing authority pursuant to mutual aid agreements (see the Mutual Aid and Outside Agency Assistance Policy), an arrest warrant or a felony. Such authority also extends during a fresh pursuit in which the following apply (ORC § 2935.02; ORC § 2935.03(D); ORC § 2935.04):

- (a) The pursuit takes place without unreasonable delay after the offense is committed.
- (b) The pursuit is initiated within the limits of the employing authority.
- (c) The offense involves a felony, a misdemeanor of the first or second degree or a substantially equivalent municipal ordinance, or any traffic offense for which points are chargeable.

100.4 INTERSTATE PEACE OFFICER POWERS

Peace officer powers may be extended within adjoining states:

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Law Enforcement Authority

- (a) As applicable under interstate compacts and memorandums of understanding in compliance with the laws of each state.
- (b) When an officer enters Indiana, Michigan or West Virginia in fresh pursuit of a person who is in the immediate and continuous flight from the commission of a felony, or in the case of Pennsylvania, in fresh pursuit of a person for any crime (I.C. § 35-33-3-1 (Indiana); MCL 780.101 (Michigan); 42 Pa. C.S. § 8922 (Pennsylvania); W. Va. Code § 62-11-1 (West Virginia)).

Whenever an officer makes an arrest in Indiana, Michigan, Pennsylvania and West Virginia, the officer shall take the offender to a magistrate or judge in the county where the arrest occurred as soon as practicable (I.C. § 35-33-3-2; MCL 780.102; 42 Pa.C.S. § 8923; W. Va. Code § 62-11-2).

Any Chief Executive Officer who is a sworn peace officer shall, as a condition of continued employment, have completed the course of training prescribed by the Ohio Peace Officer Training Commission (OPOTC), been awarded a certificate by the OPOTC prior to acting as a sworn peace officer and shall comply with any other requirements imposed by the OPOTC (ORC § 109.77(B)(1)). 102.1 PURPOSE AND SCOPE

103.2.1 DISCLAIMER

The provisions contained in the Policy Manual are not intended to create an employment contract nor any employment rights or entitlements. Each General Order should include the authored date, effective date and the acknowledgement/compliance date for the specific General Order.

201.1.2 SPECIAL ORDERS PROTOCOL

Special Orders establish a temporary policy or procedure on a given subject for a specific length of time. Special Orders are issued to the organization as a whole, to a Unit, to a unit or to an individual. Special Orders become inoperative with the passing of the incident or situation that caused the order to be issued. If not self-cancelling, a special order will remain in effect until revised in writing or rescinded. Special Orders are not part of the General Orders Manual because they are temporary in nature.

201.1.3 MEMORANDA AND TRAINING BULLETINS PROTOCOL

Electronic Mail

204.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the electronic mail (e-mail) system provided by the Department. E-mail is a communication tool available to employees to enhance efficiency in the performance of job duties. It is to be used in accordance with generally accepted business practices and current law (e.g., Ohio Open Records Law). Messages transmitted over the e-mail system must only be those that involve official business activities or that contain information essential to employees for the accomplishment of business-related tasks and/or communications directly related to the business, administration or practices of the Department.

204.2 E-MAIL RIGHT OF PRIVACY

All e-mail messages, including attachments, transmitted over the Department networks or through a web browser accessing the Department system are considered Department records and therefore are the property of the Department. The Department reserves the right to access, audit and disclose for any lawful reason, all messages, including attachments, transmitted or received through its e-mail system or placed into its storage.

Employees should not use personal accounts to exchange e-mail or other information that is related to the official business of the Department.

204.3 PROHIBITED USE OF E-MAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the e-mail system is prohibited and may result in discipline.

E-mail messages addressed to the entire department are only to be used for official business-related items that are of particular interest to all users. All e-mail is subject to review and scrutiny with regard to appropriate content or violation of any prohibitions. In the event that a user has questions about sending a particular e-mail communication, the user should seek prior approval from the Chief of Police or designee. Personal advertisements or announcements are not permitted.

It is a violation of this policy to transmit a message under another user's name or e-mail address or to use the password of another to log into the system. Users are required to log off the network or secure the workstation when the computer is unattended. This added security measure would minimize the misuse of an individual's e-mail, name and/or password.

204.4 MANAGEMENT OF E-MAIL

Because the end user e-mail system is not designed for, nor does it support, long-term retention and archiving of messages, e-mail that an employee desires to save or that requires retention because it has significant administrative, fiscal, legal or historical value should be printed and/or stored in another database designed for long-term storage and retrieval.

agency to meet agency-established active-duty standards for qualification in firearms training to carry a firearm of the same type as the concealed firearm.

2. A certification, issued by either the state in which the person resides or by a certified firearms instructor who is qualified to conduct a firearms qualification test for active duty peace officers within that state, indicating that the person has, within the past year, been tested or otherwise found to meet the standards established by the state or, if not applicable, the standards of any agency in that state.
 - (b) Not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.
 - (c) Not prohibited by federal law from receiving a firearm.
 - (d) Not in a location prohibited by Ohio law or by a private person or entity on his/her property if such prohibition is permitted by Ohio law.

208.4 OHIO IDENTIFICATION CARD ISSUANCE

The Chief of Police shall issue an identification card to any qualified former officer of this department who (ORC § 2923.126(F)):

- (a) Before retiring, worked for an aggregate of 15 years or more as an officer or retired for a service-connected disability as an officer after completing probation.
- (b) Retired in good standing and not for reasons of mental instability.
- (c) Meets all other standards established by the Chief of Police for issuance of an identification card.

208.4.1 OHIO IDENTIFICATION CARD FORMAT

Identification cards issued to officers due to the above mandate (15 years of service/disability retirement) shall comply with the content requirements of ORC § 2923.126.

208.4.2 AUTHORIZATION

A retired officer may carry a concealed firearm in this state when he/she is in possession of a valid identification card issued under this policy and one of the following (ORC § 2923.126):

- (a) A certification on the card that the retired officer has, within the past five years, successfully completed a firearms requalification program approved under ORC § 109.801.
- (b) A firearms requalification certification from a program approved under ORC § 109.801 that identifies the retired officer by name, identifies the entity that taught the program, specifies that the retired officer successfully completed the program, specifies the date on which the course was successfully completed and specifies that the requalification is valid for five years from that date of successful completion.

208.5 FORMER OFFICER RESPONSIBILITIES

A former officer with a card issued under this policy shall immediately notify the Sergeant of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Employee Convictions Policy.

208.5.1 RESPONSIBILITIES UNDER LEOSA

In order to obtain or retain a LEOSA identification card, the former officer shall:

- (a) Sign a waiver of liability of the Department for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of the Department.
- (b) Remain subject to all applicable department policies and federal, state and local laws.
- (c) Demonstrate good judgment and character commensurate with carrying a loaded and concealed firearm.
- (d) Successfully pass an annual criminal history background check indicating that he/she is not prohibited by law from receiving or possessing a firearm.

208.5.2 RESPONSIBILITIES UNDER OHIO LAW

A retired officer who possesses an Ohio identification card issued by this department and a valid requalification certification has the same right to carry a concealed handgun as a person issued a concealed handgun license under ORC § 2923.125 and is subject to the same restrictions (ORC § 2923.126).

208.6 DENIAL, SUSPENSION OR REVOCATION-DISCRETIONARY ISSUE

A LEOSA identification card may be denied or revoked upon a showing of good cause as determined by the Department. In the event that an identification card is denied, suspended or revoked, the former officer may request a review by the Chief of Police. The decision of the Chief of Police is final.

208.7 FIREARM QUALIFICATIONS

The Firearms Officer may provide former officers from this department an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Firearms Officer will maintain a record of the qualifications and weapons used.

If provided, the firearms qualification should comply with ORC § 109.801. The retired peace officer may be required to pay the cost of the course (ORC § 2923.126).

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Force - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed or restrained.

300.1.2 CERTIFICATION STANDARDS

This policy contains content that pertains to the following Ohio Collaborative Law Enforcement Agency Certification (OCLEAC) Standards: 8.2015.1

[See attachment: OCLEAC Standards Compliance Checklist 8.2015.1.pdf](#)

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE

Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Use of Force

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose, to include protecting or defending others or themselves from physical harm.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

Any officer who has reasonable cause to believe that the person to be arrested has committed a crime or public offense may use reasonable force to effect the arrest, to prevent escape or to overcome resistance. An officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested, nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape or to overcome resistance.

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Use of Force

- (d) The effects of drugs or alcohol.
- (e) Subject's mental state or capacity.
- (f) Proximity of weapons or dangerous improvised devices.
- (g) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (h) The availability of other options and their possible effectiveness.
- (i) Seriousness of the suspected offense or reason for contact with the individual.
- (j) Training and experience of the officer.
- (k) Potential for injury to officers, suspects and others.
- (l) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the officer.
- (m) The risk and reasonably foreseeable consequences of escape.
- (n) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (p) Prior contacts with the subject or awareness of any propensity for violence.
- (q) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer.
- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Use of Force

restricted. Officers are encouraged to use techniques and methods taught by the Yellow Springs Police Department for this specific purpose.

300.4 DEADLY FORCE APPLICATIONS

Use of deadly force is justified in the following circumstances:

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury and in accordance with U.S. and Ohio Supreme Court decisions, specifically, *Tennessee v. Garner* and *Graham v. Conner*.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the subject is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible. Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes any of the following:
 1. The person has a weapon or is attempting to access one and it is reasonable to believe the person intends to use it against the officer or another.
 2. The person is capable of causing serious bodily injury or death without a weapon and it is reasonable to believe the person intends to do so.

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The report should be submitted prior to the end of the officer's shift. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Use of Force

300.5.1 NOTIFICATION TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the Conducted Energy Weapon (CEW) or control device.
- (f) Any application of a restraint device other than handcuffs, shackles or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges any of the above has occurred.

300.6 MEDICAL CONSIDERATION

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

If the prisoner is taken to a hospital and then refuses treatment while at the hospital, the officer must obtain a copy of the hospital "refusal form" before transporting the prisoner to a detention facility. The officer should request the detention facility to make a copy of the "refusal form" with the original being left with the detention facility and the copy being placed with the arrest report. Digitally attaching the refusal is sufficient. The transporting officer must take copies of all hospital paperwork, with attending physicians' signatures, to the jail with the arrestee or prisoner.

When an arrestee is taken to a local hospital, the officer should notify a supervisor of the charges and the extent of injuries that are known. The sergeant may make a determination as to whether to summons the arrestee to court, to have the officer stay with the arrestee or call the Chief of Police for guidance.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Use of Force

description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY

When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 - 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports, and forward, through the chain of command, to the Chief of Police or designee for review.
- (g) Determine if there is any indication that the subject may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Use of Force

- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 ADMINISTRATIVE REVIEW

The Chief of Police or designee shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING

Officers will receive periodic training on this policy and demonstrate their knowledge and understanding, at least annually, including use of deadly force, use of force and use of deadly force reporting, and use of force and use of deadly force reviews/investigations. The training shall include a requirement that officers read and be tested on this policy, and sign acknowledgement of same.

The training should be conducted during the annual Ohio Peace Officer's Training Council Firearms qualification.

300.9 USE OF FORCE ANALYSIS

At least annually, the Uniform Patrol Sergeant should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY

The Yellow Springs Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

302.3 USE OF RESTRAINTS

Only members who have successfully completed Yellow Springs Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety.

No person who is in labor should be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary to prevent escape or injury.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Handcuffing and Restraints

302.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

302.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

During an Order to Convey, prisoners shall always be restrained by the use of handcuffs, unless the court order directs otherwise.

In most situations handcuffs should be applied with the hands behind the person's back. When practicable, handcuffs shall be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Handcuffing and Restraints

on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Department shall be used. Leg restraints may also be necessary while transporting a prisoner on an Order to Convey. However, officers must obtain supervisory approval to use leg restraints while completing a court ordered conveyance of a prisoner.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

In some extreme cases, leg restraints may be necessary. However, officers must obtain supervisory approval to use leg restraints while completing a court ordered conveyance of a prisoner. This leg restraint rule is not to be confused with using a leg hobble on an arrestee who poses a threat of harm to himself, an officer or a cruiser, which officers have the ability to determine on their own.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Handcuffing and Restraints

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

302.8 REQUIRED DOCUMENTATION

If an individual is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report. The officer should include, as appropriate:

- (a) The amount of time the suspect was restrained.
- (b) How the suspect was transported and the position of the suspect.
- (c) Observations of the suspect's behavior and any signs of physiological problems.
- (d) Any known or suspected drug use or other medical problems.

Control Devices and Techniques

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Yellow Springs Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

303.4 RESPONSIBILITIES

303.4.1 SERGEANT RESPONSIBILITIES

The Sergeant may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

303.4.2 FIREARMS OFFICER RESPONSIBILITIES

The Firearms Officer shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Firearms Officer or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Control Devices and Techniques

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Firearms Officer for disposition. Damage to Village property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

303.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

303.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Sergeant, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

303.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

303.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

303.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Control Devices and Techniques

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

303.7.3 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

303.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that cleanup will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

303.9 TRAINING FOR CONTROL DEVICES

The Sergeant shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified regularly.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

303.10 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Weapon

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of Conducted Energy Weapon (CEW)s.

304.2 POLICY

The Conducted Energy Weapon (CEW) is intended to protect against persons who pose a immediate threat of injury or death to themselves, the officers or others. While the appropriate use of such a device should result in fewer serious injuries to officers and suspects, CEW's are potentially lethal devices when used on vulnerable populations or not within proper protocol or policy.

304.3 ISSUANCE AND CARRYING CONDUCTED ENERGY WEAPON (CEW)S

Only members who have successfully completed department-approved training may be issued and carry the Conducted Energy Weapon (CEW).

Conducted Energy Weapon (CEW)s are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Officers shall only use the Conducted Energy Weapon (CEW) and cartridges that have been issued by the Department. Uniformed officers who have been issued the Conducted Energy Weapon (CEW) shall wear the device in an approved holster on their person. Non-uniformed officers may secure the Conducted Energy Weapon (CEW) in the driver's compartment of their vehicle.

Members carrying the Conducted Energy Weapon (CEW) should perform a spark test on the unit prior to every shift. The officer will do so in the gun room and will point the CEW towards the ballistic vest placed on the west wall.

When carried while in uniform, officers shall carry the Conducted Energy Weapon (CEW) in a weak-side holster on the side opposite the duty weapon.

- (a) All Conducted Energy Weapon (CEW)s shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the Conducted Energy Weapon (CEW).
- (c) Officers shall be responsible for ensuring that their issued Conducted Energy Weapon (CEW) is properly maintained and in good working order.
- (d) Officers should not hold both a firearm and the Conducted Energy Weapon (CEW) at the same time.

Conducted Energy Weapon

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended discharge of the Conducted Energy Weapon (CEW) should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the Conducted Energy Weapon (CEW) may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the Conducted Energy Weapon (CEW). The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the Conducted Energy Weapon (CEW) in the related report.

304.5 USE OF THE CONDUCTED ENERGY WEAPON (CEW)

The Conducted Energy Weapon (CEW) has limitations and restrictions requiring consideration before its use. The Conducted Energy Weapon (CEW) should only be discharged when its operator can safely approach the subject within the operational range of the device. Although the Conducted Energy Weapon (CEW) is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

304.5.1 APPLICATION OF THE CONDUCTED ENERGY WEAPON (CEW)

The Conducted Energy Weapon (CEW) may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary. The CEW may not be discharged solely to gain compliance with orders or instructions from a police officer.

- (a) The subject is violent or is physically resisting in such a way that poses an immediate threat of injury to him/herself, the officers or others.
- (b) The subject has demonstrated, by words and action, an intention to be violent or to physically resist in such a way that reasonably appears the person possess the ability to pose an immediate threat of injury or death to officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the Conducted Energy Weapon (CEW) to apprehend an individual.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Conducted Energy Weapon

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The discharge of the Conducted Energy Weapon (CEW) on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of discharging the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the Conducted Energy Weapon (CEW) in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the discharge of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The Conducted Energy Weapon (CEW) shall not be used to psychologically torment, elicit statements or to punish any individual.

[Yellow Springs PD Procedure Manual: 304.1 CEW - 2011 ACLU Report](#)

304.5.3 TARGETING CONSIDERATIONS

The preferred target area should be center mass of the subject's back where reasonably possible. Lower center mass of the chest or legs should be secondary targets. Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the Conducted Energy Weapon (CEW) probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE CONDUCTED ENERGY WEAPON (CEW)

Officers should apply the Conducted Energy Weapon (CEW) for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the Conducted Energy Weapon (CEW) against a single individual are generally not recommended

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Conducted Energy Weapon

and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the Conducted Energy Weapon (CEW) appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the Conducted Energy Weapon (CEW), including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one Conducted Energy Weapon (CEW) at a time against a single subject.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers shall notify a supervisor of all Conducted Energy Weapon (CEW) discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

304.5.6 DANGEROUS ANIMALS

The Conducted Energy Weapon (CEW) may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

304.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department Conducted Energy Weapon (CEW)s while off-duty.

Officers shall ensure that Conducted Energy Weapon (CEW)s are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION

Officers shall document all Conducted Energy Weapon (CEW) discharges in the related arrest/ crime report and the Conducted Energy Weapon (CEW) report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the report form.

304.6.1 CONDUCTED ENERGY WEAPON (CEW) FORM

Items that shall be included in the Conducted Energy Weapon (CEW) report form are:

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Conducted Energy Weapon

- (a) The type and brand of Conducted Energy Weapon (CEW) and cartridge and cartridge serial number.
- (b) Date, time and location of the incident.
- (c) Whether any display, laser or arc deterred a subject and gained compliance.
- (d) The number of Conducted Energy Weapon (CEW) activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the Conducted Energy Weapon (CEW) was used.
- (f) The type of mode used (probe or drive-stun).
- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.
- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any officers sustained any injuries.

The Sergeant should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Sergeant should also conduct audits of data downloads and reconcile Conducted Energy Weapon (CEW) report forms with recorded activations. Conducted Energy Weapon (CEW) information and statistics, with identifying information removed, should periodically be made available to the public.

304.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing Conducted Energy Weapon (CEW)s
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems

304.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove Conducted Energy Weapon (CEW) probes from a person's body. Used Conducted Energy Weapon (CEW) probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Conducted Energy Weapon

All persons who have been struck by Conducted Energy Weapon (CEW) probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The Conducted Energy Weapon (CEW) probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the Conducted Energy Weapon (CEW).

304.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the Conducted Energy Weapon (CEW) may be used. A supervisor should respond to all incidents where the Conducted Energy Weapon (CEW) was activated.

A supervisor should review each incident where a person has been exposed to an activation of the Conducted Energy Weapon (CEW). The device's onboard memory should be downloaded through the data port by a supervisor or Firearms Officer and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

304.9 TRAINING

Personnel who are authorized to carry the Conducted Energy Weapon (CEW) shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the Conducted Energy Weapon (CEW) as a part of their assignment for a period of six months or more shall be recertified by a department-approved Conducted Energy Weapon (CEW) instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued Conducted Energy Weapon (CEW)s should occur every year. A reassessment of an officer's knowledge and/or practical skill may

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Conducted Energy Weapon

be required at any time if deemed appropriate by the Sergeant. All training and proficiency for Conducted Energy Weapon (CEW)s will be documented in the officer's training file.

Command staff, supervisors and investigators should receive Conducted Energy Weapon (CEW) training as appropriate for the investigations they conduct and review.

Officers who do not carry Conducted Energy Weapon (CEW)s should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Sergeant is responsible for ensuring that all members who carry Conducted Energy Weapon (CEW)s have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of Conducted Energy Weapon (CEW)s during training could result in injury to personnel and should not be mandatory for certification.

The Sergeant should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the Conducted Energy Weapon (CEW) and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the Conducted Energy Weapon (CEW).

Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

305.2 POLICY

The policy of the Yellow Springs Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

305.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

305.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

305.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Yellow Springs Police Department would control the investigation if the suspect's crime occurred in Village of Yellow Springs.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Officer-Involved Shootings and Deaths

305.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

305.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

305.5 INVESTIGATION PROCESS

The following procedures are guidelines for use in the investigation of an officer-involved shooting or death.

305.5.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved YSPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

305.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved YSPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any YSPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Officer-Involved Shootings and Deaths

scene, identity of known or potential witnesses and any other pertinent information.

2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Sergeant and Dispatch. If feasible, sensitive information should be communicated over secure networks.
 - (d) Take command of and secure the incident scene with additional YSPD members until properly relieved by another supervisor or other assigned personnel or investigator.
 - (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 1. Each involved YSPD officer should be given an administrative order not to discuss the incident with other involved officers or YSPD members pending further direction from a supervisor.
 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

305.5.3 SERGEANT RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Sergeant shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police.

All outside inquiries about the incident shall be directed to the Chief of Police.

305.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- Investigation Sergeant
- Outside agency investigators (if appropriate)
- Village Manager
- Psychological/peer support personnel
- Chaplain
- Coroner (if necessary)
- Involved officer's agency representative (if requested)

305.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal representation will be accommodated.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Officer-Involved Shootings and Deaths

1. Involved YSPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 2. Requests from involved non-YSPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.
- (d) A licensed psychotherapist shall be provided by the Department to each involved YSPD officer. A licensed psychotherapist may also be provided to any other affected YSPD members, upon request.
1. Interviews with a licensed psychotherapist will be considered privileged.
 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) Although the Department will honor the sensitivity of communications with peer counselors, there is no legal privilege to such communications. Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved YSPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Sergeant to make schedule adjustments to accommodate such leave.

305.6 CRIMINAL INVESTIGATION

The City and County Prosecutor's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the City and County Prosecutor's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Officer-Involved Shootings and Deaths

- (a) YSPD supervisors and Sergeant personnel should not participate directly in any voluntary interview of YSPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

305.6.1 REPORTS BY INVOLVED YSPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved YSPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved YSPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved YSPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Officer-Involved Shootings and Deaths

1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

305.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Investigation Unit supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the City and County Prosecutor's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the City and County Prosecutor's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Investigation Unit supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Sergeant.

305.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved YSPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Sergeant and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws.

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Officer-Involved Shootings and Deaths

- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 - 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 - 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative collectively or in groups prior to being interviewed.
 - 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
 - 4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 - 5. The Sergeant shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 - 6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
 - 7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

305.8 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Officer-Involved Shootings and Deaths

305.9 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or Village Attorney's Office, as appropriate.

305.10 DEBRIEFING

Following an officer-involved shooting or death, the Yellow Springs Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

305.10.1 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Sergeant is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order (ORC § 2317.02).

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatchers, other non-sworn). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Sergeant personnel.

305.10.2 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

305.11 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be

available to the Sergeant, Investigation Sergeant and Press Information Officer in the event of inquiries from the media.

No involved YSPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Sergeant.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

- (e) Any action, such as depressing a trigger, racking the slide of a firearm, checking or clearing a firearm must be done with the firearm directed into the clearing barrel. Long guns or handguns located while out of the building, may be checked outdoors with the firearm being pointed in a safe direction.

Any firearm deemed in need of repair or service by the Firearms Officer will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. 306.5.2 STORAGE AT HOME

Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil liability.

306.5.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment (ORC § 2923.15).

306.6 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on-duty are required to successfully complete training annually with their duty firearms. In addition to annual training, all members will qualify at least annually with their duty firearms on a course approved by the Ohio Peace Officer Training Commission (OPOTC) (ORC § 109.801). Members will qualify with off-duty and secondary firearms at least once a year. Training and qualifications must be on an approved range course.

Firearms

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

Instructors conducting firearms qualifications are required to have the approval of the OPOTC director as well as certification issued by the OPOTC (OAC § 109:2-13-04).

306.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.
- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for the following:
 - 1. Unauthorized range make-up
 - 2. Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action. In addition, the member may not carry a firearm until qualification is achieved (ORC § 109.801).

306.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Sergeant or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.

306.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, Conducted Energy Weapon (CEW), oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

306.7.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

306.7.3 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

306.8 FIREARMS OFFICER DUTIES

The range will be under the exclusive control of the Firearms Officer. All members attending will follow the directions of the Firearms Officer. The Firearms Officer will maintain a roster of all members attending the range and will submit the roster to the Sergeant after each range date. Failure of any member to sign in and out with the Firearms Officer may result in non-participation or non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Firearms Officer has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Firearms Officer has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personal firearm; it will not be returned to service until it has been inspected and approved by the Firearms Officer.

The Firearms Officer has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Firearms Officer shall complete and submit to the Sergeant documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Firearms Officer should keep

- Last name, first name, and unit number
- Make and model of gun or guns
- Caliber of each firearm
- Serial number of each firearm

306.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.
- (b) Officers must carry their Yellow Springs Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).
- (c) The Yellow Springs Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the Yellow Springs Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.

- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.10 CARRYING FIREARMS OUT OF STATE

Qualified and active officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her Yellow Springs Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

307.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicle pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers (ORC § 2935.031).

307.1.1 PHILOSOPHY

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the risk to public safety created by vehicle pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicle pursuit due to the risk involved. This includes circumstances where Department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicle pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An individual's unreasonable desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

307.2 DEFINITIONS

Definitions related to this policy include:

Vehicle Pursuit - An event involving one or more peace officers attempting to apprehend a suspect who is trying to avoid arrest while operating a motor vehicle by using high speed or other evasive tactics, such as disregarding traffic warning signs, stop signs, red lights, driving off a roadway, turning suddenly or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

Blocking or Vehicle Intercept - A slow-speed coordinated maneuver where two or more law enforcement vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop. The goal is containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing In - A tactic designed to stop a violator's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed maneuver intended to terminate the pursuit by causing the violator's vehicle to spin out and come to a stop.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Vehicle Pursuits

Ramming - The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage or otherwise force the violator's vehicle to stop.

Roadblocks - A tactic designed to stop a violator's vehicle by intentionally placing a vehicle or other immovable object in the path of the violator's vehicle.

Tire Deflation Device, Spikes or Tack Strips - A device that extends across the roadway and is designed to puncture the tires of the pursued vehicle.

307.3 OFFICER RESPONSIBILITIES

It is the policy of this department that a vehicle pursuit shall be conducted with at least one red or blue flashing, rotating or oscillating light, visible under normal atmospheric conditions from a distance of 500 feet to the front of, and a siren activated on an authorized emergency vehicle (ORC § 4513.21, ORC § 4511.01(D) and ORC § 4511.041).

The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway.

307.3.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when he/she has probable cause to believe that the suspect has committed a felony involving the infliction or threatened infliction or serious physical harm to a law enforcement officer or others (ORC § 2901.01), and the pursuit is reasonable in light of the facts and circumstances, and if the suspect is not apprehended immediately he/she would pose a clear and present threat to the safety of law enforcement officers or others.

The following factors individually and collectively shall be considered in deciding whether to initiate or continue a pursuit:

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (c) The apparent nature of the fleeing suspect (e.g., whether the suspect represents a serious threat to public safety).
- (d) The identity of the suspect has been verified and there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (e) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.
- (f) The pursuing officer's familiarity with the area of the pursuit, the quality of radio communication between the pursuing units and the dispatcher/supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Vehicle Pursuits

- (g) The weather, traffic and road conditions that unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (h) The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) The availability of other resources, such as aircraft assistance.
- (l) The police unit is carrying passengers other than on-duty police officers. Pursuits should not be undertaken with a prisoner in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the prisoner in transport. A unit containing more than a single prisoner should not participate in a pursuit.

307.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risk of continuing the pursuit reasonably appears to outweigh the risk resulting from the suspect's escape.

Operating an emergency vehicle in a pursuit with emergency lights and siren does not relieve the operator of an authorized emergency vehicle of the duty to drive with due regard for the safety of all persons and does not protect the driver from the consequences of his/her reckless disregard for the safety of others (ORC § 4511.45(B)).

The above factors on when to initiate a pursuit are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean to discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed above, the following factors should be considered when deciding whether to terminate a pursuit:

- (a) The distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The officer's pursuit vehicle sustains damage or a mechanical failure that renders it unsafe to drive.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Vehicle Pursuits

- (d) The pursuit vehicle suffers an emergency equipment failure that causes the vehicle to no longer qualify for emergency operation use.
- (e) Extended pursuits of violators for misdemeanors not involving abuse or risk of serious harm (independent of the pursuit) are discouraged.
- (f) The hazards to uninvolved bystanders or motorists.
- (g) When the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risk associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
- (h) When directed to terminate the pursuit by a supervisor.

Upon the termination of a pursuit, officers may attempt to follow the vehicle only if this can be accomplished while complying with all traffic laws as specified in the Ohio Revised Code and any applicable local ordinances. Otherwise, officers must return to normal patrol duties.

307.3.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Vehicle speeds shall be taken into consideration to prevent endangering public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit (ORC § 4511.24):

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the officer.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle, thus making its operation unsafe.

307.4 PURSUIT UNITS

Pursuit units should be limited to three vehicles (two units and a supervisor). However, the number of units involved will vary with the circumstances.

An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspect. Additional factors include, the number of occupants in suspect vehicle, known weapons, potential violence by the suspects. All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

Distinctively marked patrol vehicles should replace unmarked vehicles involved in a pursuit whenever practicable.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Vehicle Pursuits

307.4.1 MOTORCYCLE OFFICERS

A distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a police motorcycle as primary and/or secondary pursuit unit as soon as practicable.

307.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Vehicles not equipped with a red or blue emergency light and siren are prohibited from initiating or joining in any pursuit. Officers in such vehicles may provide support to pursuing units as long as the vehicle is operated in compliance with all traffic laws (ORC § 4511.041 and ORC § 4513.21).

307.4.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing officer will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or other persons.

The primary unit should notify Dispatch, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable, provide information including, but not limited to:

- (a) The reason for the pursuit.
- (b) The location and direction of travel.
- (c) The speed of the fleeing vehicle.
- (d) The description of the fleeing vehicle and license number, if known.
- (e) The number of occupants.
- (f) The identity or description of the known occupants.
- (g) The weather, road and traffic conditions.
- (h) The identity of other agencies involved in the pursuit.
- (i) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit to minimize distractions and allow the primary unit to concentrate foremost on safe pursuit tactics.

307.4.4 SECONDARY UNIT RESPONSIBILITIES

The second officer in the pursuit is responsible for:

- (a) Immediately notifying the dispatcher of his/her entry into the pursuit.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Vehicle Pursuits

- (b) Remaining at a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.
- (c) Broadcasting the progress of the pursuit unless the situation indicates otherwise.
- (d) Serving as backup to the primary unit once the subject has been stopped.

307.4.5 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Officers may proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation (ORC § 4511.03).
- (c) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing units should exercise due caution when proceeding through controlled intersections.
- (d) As a general rule, officers should not pursue a vehicle driving the wrong way on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered:
 - 1. Requesting assistance from an available air unit.
 - 2. Maintaining visual contact with the pursued vehicle by paralleling on the correct side of the roadway.
 - 3. Requesting other units to observe exits available to the suspect.
- (e) Notify the Ohio State Highway Patrol or other law enforcement agency if it appears the pursuit may enter their jurisdiction.
- (f) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit and a clear understanding of the maneuver process exists between the involved officers.

307.4.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Vehicle Pursuits

traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.

The primary unit, secondary unit and supervisor should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

307.4.7 PURSUIT TRAILING

In the event that the initiating unit from this agency relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect.

The term "trail" means to follow the path of the pursuit at a safe speed, while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units to clearly indicate an absence of participation in the pursuit.

307.4.8 AIRCRAFT ASSISTANCE

When available, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider whether the participation of an aircraft warrants their continued involvement in the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards or other pertinent information to evaluate whether to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit should recommend terminating the pursuit.

307.5 SUPERVISORY CONTROL AND RESPONSIBILITIES

It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately notifying involved officers and Dispatch of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established Department guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Vehicle Pursuits

- (d) Ensuring that no more than the number of required law enforcement units needed are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that aircraft assistance is requested, if available.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (i) Controlling and managing YSPD units when a pursuit enters another jurisdiction.
- (j) Reviewing reports submitted by officers and conducting a preliminary review of the pursuit.

The supervisor shall make an initial recommendation to the Chief of Police as to whether or not the pursuit was justified and an initial determination as to whether or not the pursuit was conducted in compliance with this policy. The Chief of Police shall either concur with the supervisor's recommendation or send the report back for further investigation.

307.5.1 SUPERVISOR RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Supervisor should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Supervisor has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Supervisor shall review all pertinent reports for content and forward them to the Sergeant.

307.6 COMMUNICATIONS

If the pursuit is confined within the Village limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

307.6.1 DISPATCH RESPONSIBILITIES

Upon notification that a pursuit has been initiated, Dispatch will be responsible for:

- (a) Coordinating pursuit communications of the involved units and personnel.
- (b) Notifying and coordinating with other involved or affected agencies as practicable.
- (c) Ensuring that a field supervisor is notified of the pursuit.
- (d) Assigning an incident number and logging all pursuit activities.
- (e) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (f) Notifying the Sergeant as soon as practicable.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Vehicle Pursuits

307.6.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating the vehicle. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

307.7 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

Officers may pursue, arrest, and detain outside the limits of their jurisdiction if; the pursuit takes place without unreasonable delay, the pursuit initiates within the limits of the political subdivision in which the peace officer is appointed (ORC § 2935.03).

307.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Yellow Springs Police Department officers will discontinue the pursuit when another agency has assumed the pursuit, unless continued assistance of the Yellow Springs Police Department is requested by the agency assuming the pursuit. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies, a request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this department, the other agency should relinquish control.

Any pursuit that enters the jurisdiction of the Yellow Springs Police Department or any request for assistance with a pursuit from another jurisdiction, must meet the criteria of this policy before any unit may engage or participate in the pursuit.

307.7.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose peace officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Vehicle Pursuits

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional factors:

- (a) Ability to maintain the pursuit.
- (b) Circumstances serious enough to continue the pursuit.
- (c) Adequate staffing to continue the pursuit.
- (d) The public's safety within this jurisdiction.
- (e) Safety of the pursuing officers.

As soon as practicable, a supervisor or the Sergeant should review a request for assistance from another agency. The Sergeant or supervisor, after consideration of the above factors, may decline to assist in or assume the other agency's pursuit. It is permissible for an officer to make an emergency run response for the purpose of clearing potentially hazardous intersections of traffic when another agency is pursuing a vehicle through this jurisdiction.

Assistance to a pursuing outside agency by officers of this department will terminate at the Village limits provided that the pursuing peace officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to peace officers from the outside agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed. A supervisor shall respond to the scene of termination if one is on duty. As soon as possible, the Chief of Police shall be notified.

Any pursuit that enters the jurisdiction of the Yellow Springs Police Department or any request for assistance with a pursuit from another jurisdiction, must meet the criteria of this policy before any unit may engage or participate in the pursuit.

307.8 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, tire deflation devices, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures.

307.8.1 WHEN USE IS AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, officers/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With this in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision.

It is imperative that officers act within legal bounds using good judgment and accepted practices.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Vehicle Pursuits

307.8.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

307.8.3 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to Department policies guiding such use. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety, and when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risk involved, this technique should only be employed by officers who have received training in such tactics and after giving consideration to the following:
 - 1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risk of injury or death to occupants of the suspect vehicle, officers or other members of the public.
 - 2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
 - 3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
 - 4. The target vehicle is stopped or traveling at a low speed.
 - 5. At no time should civilian vehicles be used to deploy this technique.
- (b) Only those officers trained in the use of the PIT will be authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for injury to officers, the public and occupants of the pursued vehicle.
- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct officers in their decision-making process before ramming another vehicle. When ramming is used as a means to stop a fleeing vehicle, one or more of the following factors should be present:
 - 1. The suspect is an actual or suspected felon who reasonably appears to represent a serious threat to the public if not apprehended.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Vehicle Pursuits

2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.
If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.
- (d) As with all intervention techniques, pursuing officers should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.
- (e) Tire deflation devices should be deployed only when it is reasonably apparent that only the pursued vehicle will be affected by their use. Prior to the deployment of spike strips, the officer shall notify pursuing units and the supervisor of the intent and location. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children, officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.
- (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor, and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risk of injury or death to occupants of the pursued vehicle, officers or other members of the public.

307.8.4 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary under the circumstances to properly perform their lawful duties.

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspect following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspect.

307.9 REPORTING AND REVIEW REQUIREMENTS

All appropriate reports shall be completed to comply with local and state regulations.

- (a) The primary officer shall complete appropriate crime/arrest reports.
- (b) The primary officer or supervisor shall complete the appropriate pursuit report.
- (c) All other officers participating in any portion of the pursuit shall complete and submit a supplemental report to the initial report, documenting their involvement and actions.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Vehicle Pursuits

- (d) After first obtaining available information, the on-duty field supervisor shall promptly complete a Supervisor's Log or interoffice memorandum, briefly summarizing the pursuit to the Chief of Police or designee. This memo should minimally contain the following information:
 - 1. Date and time of pursuit.
 - 2. Length of pursuit in distance and time.
 - 3. Involved units and officers.
 - 4. Initial reason and circumstances surrounding the pursuit.
 - 5. Starting and termination points.
 - 6. Alleged offense, charges filed or disposition: arrest, citation or other release.
 - 7. Arrestee information should be provided if applicable.
 - 8. Injuries and/or property damage.
 - 9. Medical treatment.
 - 10. The outcome of the pursuit.
 - 11. Name of supervisor handling or at the scene.
 - 12. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.
- (e) After receiving copies of reports, logs and other pertinent information, the Chief of Police or designee shall conduct or assign the completion of a post-pursuit review as appropriate to the circumstances.
- (f) Annually, the Chief of Police should direct a documented review and analysis of Department vehicle pursuits to minimally include policy suitability, policy compliance and training needs.

307.9.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all sworn employees will participate, no less than annually, in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public at all times. Training will include a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

307.9.2 POLICY REVIEW

Sworn members of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments (ORC § 2935.031).

Officer Response to Calls

308.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to all emergency and non-emergency situations.

308.2 RESPONSE TO CALLS

Officers responding to an emergency call shall proceed immediately. Officers responding to an emergency call shall continuously operate emergency lighting equipment and shall sound the siren (ORC § 4511.041).

Responding with emergency lights and siren does not relieve the operator of an authorized emergency vehicle of the duty to drive with due regard for the safety of all persons and does not protect the driver from the consequences of his/her reckless disregard for the safety of others (ORC § 4511.041, ORC § 4511.45(B) and ORC § 4511.452(A)). The use of any other warning equipment without emergency lights and siren does not provide any exemption from the Ohio motor vehicle laws.

Officers should only respond as an emergency call response when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not responding as an emergency call response shall observe all traffic laws and proceed without the use of emergency lights and siren.

308.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe there is an imminent threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. Where a situation has stabilized and emergency response is not required, the requesting officer shall promptly notify Dispatch.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

308.3.1 NUMBER OF UNITS PARTICIPATING

Normally, only those units reasonably necessary should respond to an emergency as an emergency call response. The Sergeant or the field supervisor should monitor all emergency responses and reduce or enhance the response as warranted.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Officer Response to Calls

308.4 INITIATING EMERGENCY CALL RESPONSE

If an officer believes an emergency call response to any call is appropriate, the officer shall immediately notify Dispatch. Emergency responses of more than one unit should include, if circumstances reasonably permit, coordinating the response of the second unit by Dispatch to avoid any unanticipated intersecting of response routes.

An emergency call response of more than one unit should initiate notification by Dispatch to the Sergeant or field supervisor. The Sergeant or field supervisor will make a determination regarding the appropriateness of the response and reduce or enhance the response as warranted.

308.5 RESPONSIBILITIES OF RESPONDING OFFICER

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. During a response to an emergency call officers may (ORC § 4511.041):

- (a) Proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation (ORC § 4511.03).
- (b) Exceed any speed limits, provided this does not endanger life or property (ORC § 4511.24).
- (c) Disregard regulations governing direction of movement or turning in specified directions (ORC § 4511.37).
- (d) Disregard regulations governing parking or standing when using a warning lamp.

Continuing an emergency call response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the officer should immediately notify Dispatch. An officer shall also discontinue an emergency call response when directed by a supervisor or as otherwise appropriate.

Upon determining that an emergency call response is appropriate, an officer shall immediately give the location from which he/she is responding.

308.6 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall ensure acknowledgment and response of assisting units when an officer requests emergency assistance or when the available information reasonably indicates that the public is threatened with serious injury or death and an immediate law enforcement response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Sergeant or a field supervisor prior to assigning an emergency response. The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Officer Response to Calls

- (b) Immediately notify the Sergeant or field supervisor.
- (c) Confirm the location from which the unit is responding.
- (d) Notify and coordinate outside emergency services (e.g., fire and ambulance).
- (e) Continue to obtain and broadcast information as necessary concerning the response, and monitor the situation until it is stabilized or terminated.
- (f) Control all radio communication during the emergency and coordinate assistance under the direction of the Sergeant or field supervisor.

308.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that an emergency response has been initiated, the Sergeant or the field supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall, whenever practicable, monitor the response until it has been stabilized or terminated, and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize an emergency call response, the Sergeant or the field supervisor should consider the following:

- The type of call or crime involved
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

308.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the emergency call response and respond accordingly.

The officer shall notify the Sergeant, field supervisor or Dispatch of the equipment failure so that another unit may be assigned to the emergency response.

Domestic Violence

310.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

310.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

310.2 POLICY

The Yellow Springs Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

310.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

310.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Domestic Violence

- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigation Unit in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate. Officers should initiate a stop, hold, and notify the Yellow Springs Police Department broadcast, so that appropriate follow-up action is possible. This information should be broadcast over both the Yellow Springs radio and sent to Greene County Central Dispatch by phone or an administrative message through the LEADS network.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Marital status of suspect and victim.
 - 2. Whether the suspect lives on the premises with the victim.
 - 3. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 4. The potential financial or child custody consequences of arrest.
 - 5. The physical or emotional state of either party.
 - 6. Use of drugs or alcohol by either party.
 - 7. Denial that the abuse occurred where evidence indicates otherwise.
 - 8. A request by the victim not to arrest the suspect.
 - 9. Location of the incident (public/private).
 - 10. Speculation that the complainant may not follow through with the prosecution.
 - 11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Domestic Violence

An officer establishes reasonable cause to believe an offense of domestic violence or an offense of violating a protection order or consent agreement has occurred by:

- A written statement or statements from the complainant or other witnesses.
- The physical evidence at the scene of the crime.
- Other evidence an officer can document, including trustworthy information he obtains from the complainant or other witnesses.
- Witnessing the offense.

An officer must never require that the victim consent to the filing of charges or that the victim sign the complaint as a prerequisite to arresting or charging the suspect.

310.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

310.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

310.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the department's domestic violence information handout "*Ohio Crime Victim Rights*", even if the incident may not rise to the level of a crime. Officers shall also provide the victim with his/her name, unit number, and the report number. He/she must also provide the victim with the telephone number of the court and the victim advocate.
- (c) Alert the victim to any available victim advocates, shelters and community resources. Whenever an officer believes on-scene assistance to provide crisis intervention to victims or witnesses from the victim advocate is necessary, the officer

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Domestic Violence

should contact the on-duty supervisor who decides whether to request the victim advocate to respond to the scene.

- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate
- (i) Advise the victim of the availability of a Domestic Violence Temporary Protection Order or Civil Protection Order.

Officers must contact either the Xenia Municipal Court Victim Advocate or the Greene County Victim Witness, depending on whether the charge is a felony or a misdemeanor, so the Victim Advocate can provide the victim with the telephone number of a domestic violence shelter in the area.

310.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

310.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

310.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Domestic Violence

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

310.9 LEGAL MANDATES AND RELEVANT LAWS

Ohio law provides for the following:

310.9.1 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

- (a) An officer who has reasonable grounds to believe that a person has committed the offense of domestic violence or a violation of a protection order should arrest and detain the person (ORC § 2935.03(B)(1); ORC § 2935.032). Any decision to not arrest when there is reasonable cause to do so requires supervisor approval.
- (b) If the domestic violence event constitutes a felony assault, officers shall make an arrest (ORC §2935.032).
- (c) In the event two persons may be arrested for an act of domestic violence against each other or for violating a protection order against each other, the officer should only arrest and detain the primary physical aggressor. In determining which adult is the primary physical aggressor, an officer, in addition to any other relevant circumstances, should consider (ORC § 2935.03 (B)(3)):
 - 1. Any history of domestic violence or of any other violent acts by either person involved in the alleged offense that the officer reasonably can ascertain.
 - 2. If violence is alleged, whether the alleged violence was caused by a person acting in self-defense.
 - 3. Each person's fear of physical harm, if any, resulting from the other person's threatened use of force or his/her use or history of the use of force against any person, and the reasonableness of that fear.
 - 4. The comparative severity of any injuries suffered by the persons involved in the alleged offense.
- (d) In the event two persons may be arrested for an act of domestic violence against each other or for violating a protection order against each other, and the officer cannot determine a primary physical aggressor, the officer should apply sound judgment

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Domestic Violence

when deciding whether to make an arrest. The officer should contact a supervisor for guidance as appropriate.

- (e) An officer shall not consider as a factor any possible shortage of cell space in deciding to make an arrest for domestic violence or a violation of a court order (ORC § 2935.03).

310.9.2 REPORTS AND RECORDS

Officers shall submit a Case Report whenever the offense of domestic violence has been established. When the officer determines there has been a domestic dispute and no other offense, the reporting officer will document the domestic dispute on an Incident Supplement. If the reporting officer determines there has been a domestic dispute and the reporting officer is taking another Case Report, such as disorderly conduct, it is permissible to include the details of the domestic dispute on the Case Report for the disorderly conduct or any other criminal offense.

An officer must always submit the "*Domestic Dispute & Domestic Violence*" Report to document and report any act of domestic dispute or domestic violence. Using any refusal to prosecute form for a domestic violence incident is improper.

The Yellow Springs Police Department uses this form to maintain compliance with Ohio Revised Code (ORC § 3113.32) that requires the Chief of Police to "keep a separate record of domestic dispute and domestic violence problems on a form prepared and distributed by the superintendent of the bureau of criminal identification and investigation." The Records Section submits copies of these records to the Bureau of Criminal Identification and Investigation, monthly.

If a suspect is not present but would otherwise be arrested, report(s) shall be immediately forwarded to the Investigation Unit so an arrest warrant can be obtained (ORC § 2935.03 (B)(3)).

- (a) Officers who investigate an allegation of domestic violence or violation of a court order, but do not make an arrest or seek a warrant, shall clearly articulate in the appropriate report the reasons for not arresting or pursuing a warrant (ORC § 2935.03(B)(3); ORC § 2935.032).
- (b) If the alleged offender has been granted pretrial release from custody on a prior charge of the offense of domestic violence or the offense of violating a protection order, and has violated one or more conditions of that pretrial release, investigating officers shall document the facts and circumstances of the violation in the related reports (ORC § 2935.032 (A)(2)).
- (c) Officers investigating an offense of domestic violence or the offense of violating a protection order shall include in a written report (ORC § 2935.032):
 1. The fact that separate interviews with the victim and the alleged offender were conducted in separate locations, and identify the locations.
 2. Any statements from the victim that indicate the frequency and severity of any prior incidents of physical abuse of the victim by the alleged offender, the number of times the victim has called peace officers for assistance, and the disposition of those calls, if known.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Domestic Violence

3. Observations of the victim and the alleged offender.
 4. Any visible injuries on the victim or the alleged offender.
 5. Any weapons at the scene, and the actions of the alleged offender.
 6. Any statements made by the victim or witnesses.
 7. Any other significant facts or circumstances.
- (d) Supervisors tasked with reviewing domestic violence reports shall consider referring cases to federal authorities for possible violations of 18 USC § 2261 (Interstate Domestic Violence) and should do so when appropriate (ORC § 2935.032 (G)).
- (e) The Records Clerk shall ensure domestic violence reporting is made to the Ohio Attorney General in compliance with ORC § 3113.32.

310.9.3 COURT ORDERS INDEX

The Records Clerk/Dispatcher shall maintain an index for protection orders and the approved consent agreements delivered to the Yellow Springs Police Department, pursuant to ORC § 3113.31 (F)(1). The index shall include the date and time that the Department received the order or agreement (ORC § 3113.31(F)(3)).

310.9.4 WEAPONS

Any deadly weapon brandished, used or threatened to be used in an incident of domestic violence shall be processed as contraband subject to forfeiture, pursuant to ORC Chapter 2981 (ORC § 2935.03).

Search and Seizure

311.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Yellow Springs Police Department personnel to consider when dealing with search and seizure issues.

311.2 POLICY

It is the policy of the Yellow Springs Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

311.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Search and Seizure

311.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

311.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Temporary Custody of Juveniles

312.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Yellow Springs Police Department (34 USC § 11133).

312.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) or who is in possession of a handgun (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (c) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (d) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (e) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (f) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Temporary Custody of Juveniles

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

312.2 POLICY

The Yellow Springs Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Yellow Springs Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

312.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Yellow Springs Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Yellow Springs Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

312.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Yellow Springs Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Yellow Springs Police Department without authorization of the arresting officer's supervisor or the Sergeant.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult, or transferred to a juvenile custody facility or to other authority as soon as practicable, and in no event shall a juvenile be held beyond three hours, or six if being held for a

Temporary Custody of Juveniles

felony, from the time of his/her entry into the Yellow Springs Police Department (34 USC § 11133; ORC § 2151.311).

312.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Yellow Springs Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

312.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

312.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Yellow Springs Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, juvenile offenders may be taken into custody under the following circumstances (ORC § 2151.31(A)):

- (a) Pursuant to a court order.
- (b) Pursuant to the laws that would subject an adult to arrest.

An officer shall promptly release the juvenile to his/her parents, guardian or other custodian unless circumstances indicate that detention or shelter care of the juvenile is warranted (ORC § 2151.311(A)).

312.5 ADVISEMENTS

If the officer brings the juvenile directly to court or delivers the juvenile to a place of detention or shelter care, he/she shall promptly notify the juvenile's parent, guardian or other custodian of the juvenile's location and reason for the detention (ORC § 2151.311(A)).

312.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Department, the detention shall be promptly and properly documented in the juvenile custody log, including:

- (a) Identifying information about the juvenile being held.
- (b) Date and time of arrival and release from the Yellow Springs Police Department.
- (c) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender or non-offender.

Yellow Springs Police Department

- (d) Any changes in status.
- (e) Any medical and other screening requested and completed.
- (f) Circumstances that justify any secure detention.
- (g) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

312.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; ORC § 2151.311). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Yellow Springs Police Department shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

312.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Yellow Springs Police Department shall ensure the following:

- (a) The Sergeant should be notified if it is anticipated that a juvenile may need to remain at the Yellow Springs Police Department more than four hours for a felony offense, or two hours if being held for any other reason (ORC § 2151.311). This will enable the Sergeant to ensure no juvenile is held at the Yellow Springs Police Department longer than permitted.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal visual checks and significant incidents/activities shall be noted on the log.
- (d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.
- (e) Juveniles shall have reasonable access to toilets and wash basins.
- (f) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.
- (g) Juveniles shall have reasonable access to a drinking fountain or water.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Temporary Custody of Juveniles

- (h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.
- (i) Juveniles should have privacy during family, guardian and/or lawyer visits.
- (j) Juveniles should be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.
- (k) Blankets should be provided as reasonably necessary.
- (l) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.
- (m) Juveniles shall have adequate furnishings, including suitable chairs or benches.
- (n) Juveniles shall have the right to the same number of telephone calls as an adult in custody.
- (o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.
- (p) Juveniles shall not be handcuffed or secured to a fixed object during temporary custody at the Yellow Springs Police Department (ORC § 2151.311).

312.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Yellow Springs Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Sergeant. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained individuals in custody and monitored to protect them from abuse.

312.10 TRANSPORTING JUVENILES

Generally, persons of the opposite sex, or adults and juveniles, should not be transported in the same vehicle unless they are physically separated by a solid barrier. If segregating individuals is not practicable, [officers_deputies] should visually monitor the individuals and be alert to inappropriate physical or verbal contact, and take appropriate action as necessary.

Transfers between facilities or other entities, such as a hospital, should be accomplished with a custodial escort of the same sex as the person being transferred to assist with his/her personal needs as reasonable.

When transporting juveniles, officers must advise the dispatcher of the following information. Upon arrival at the destination, the officer must advise the dispatcher of the ending mileage and location.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Temporary Custody of Juveniles

- (a) Starting (arrest) location.
- (b) Starting mileage.
- (c) Destination.

Any known threat or danger the individual may pose (e.g., escape risk, suicide potential, medical condition) is documented, and the documentation transported with the individual if he/she is being sent to another facility.

The officer transporting the individual shall ensure such risks are communicated to intake personnel at the other facility

312.10.1 BLOOD/INFECTIOUS MATERIALS

Subjects with blood or potentially infectious materials present on their person will be transported separately from other subjects. The transporting officer shall place an absorbent disposable large pad on the car seat beneath the source individual before transporting the individual, if not possible, call an ambulance for assistance.

In extreme situations where the police have reason to believe the subject has AIDS or any other infectious disease and is bleeding or vomiting, an ambulance may be utilized.

If transportation to a health care facility is necessary, an ambulance shall be summoned.

Employees shall inform other support personnel (firefighters, paramedics, police sworn personnel, etc.) whenever change or transfer of custody of a subject occurs and the subject has blood or potentially infectious materials present on their person or if the subject has made a voluntary statement that they have a contagious or infectious disease.

Employees should wear the appropriate personal protective equipment and follow universal precautions anytime they take a person into custody who has blood or other potentially infectious material on his person. It is always permissible to contact life squad health care people for assistance or protective equipment. See Communicable Diseases Policy.

Employees shall indicate on the Suspect/Arrestee Report when a subject taken into custody makes a voluntary statement that they have an infectious disease.

A notation shall also be made when a subject has blood or potentially infectious material present on their person or clothing (i.e., "potentially infectious materials present") in BOLD printing.

312.11 PERSONAL PROPERTY

The officer taking custody of a juvenile offender or status offender at the Yellow Springs Police Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a

monitored or secure location until the juvenile is released from the custody of the Yellow Springs Police Department.

312.12 SECURE CUSTODY

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this department should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

312.12.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire detention.
- (b) Juveniles shall have constant auditory access to department members.
- (c) Initial placement into and removal from a locked enclosure shall be logged.
- (d) Random personal visual checks of the juvenile by staff member shall occur no less than every 15 minutes.
 - 1. All checks shall be logged.
 - 2. The check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.

- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).

312.14 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

312.15 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

An officer may fingerprint and photograph a juvenile offender taken into custody for committing a felony offense or any other offense that is not a minor misdemeanor or traffic offense and shall inform the juvenile court as required in accordance with the Field Interviews and Photographing Detainees Policy (ORC § 2151.313).

The fingerprints and photographs shall be maintained in accordance with ORC § 2151.313.

312.16 SCHOOL RESOURCE OFFICER GUIDELINES

Officers of the Yellow Springs Police Department who are assigned to, or primarily engage in, law enforcement duties at a school campus shall comply with the following (OAC § 3301-35-15):

- (a) Juveniles shall not be restrained in a prone position.
- (b) Juveniles shall not be placed in a locked room or left alone while they are restrained in any way.

Officers who are required to restrain a juvenile shall immediately report such restraint to the appropriate school administrator and the juvenile's parent.

Adult or Vulnerable Person Abuse

313.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain persons who may be more vulnerable than others. This policy also addresses mandatory notification for Yellow Springs Police Department members as required by law.

313.1.1 DEFINITIONS

Regardless of the person's age, if the member reasonably believes that the person has a developmental disability and has suffered, or faces a substantial risk of suffering, abuse or neglect, the county board of developmental disabilities shall also be notified (ORC § 5123.61).

313.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult or vulnerable person abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult or vulnerable person abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult or vulnerable person abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

Yellow Springs PD Policy Manual

Adult or Vulnerable Person Abuse

Any unexplained death of an adult or vulnerable person who was in the care of a guardian or caretaker should be considered as potential adult or vulnerable person abuse and investigated similarly.

313.6 PROTECTIVE CUSTODY

Before taking a victim into protective custody when facts indicate the adult or vulnerable person may not be able to care for him/herself, the officer should make reasonable attempts to contact GCDJFS or the county board of developmental disabilities, as appropriate under the circumstances. Generally, removal of a victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking a victim into protective custody, the officer should take reasonable steps to deliver the adult or vulnerable person to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the person is delivered to GCDJFS or the county board of developmental disabilities, as appropriate under the circumstances.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the victim into protective custody.

When victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the victim to either remove the victim from a dangerous environment (protective custody) or restrain a person from contact with the victim.

313.7 INTERVIEWS

313.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

313.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain a victim involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Adult or Vulnerable Person Abuse

1. A reasonable belief that medical issues of the victim need to be addressed immediately.
 2. A reasonable belief that the victim is or will be in danger of harm if the interview or physical exam is not immediately completed.
 3. The alleged offender is a family member or guardian and there is reason to believe the victim may be in continued danger.
- (b) A court order or warrant has been issued.

313.8 MEDICAL EXAMINATIONS

When an adult or vulnerable person abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the victim. The officer should also arrange for the victim's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the victim for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

313.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of a victim who has been exposed to the manufacturing, trafficking or use of narcotics.

313.9.1 SUPERVISOR RESPONSIBILITIES

The Investigation Unit supervisor should:

- (a) Work with professionals from the appropriate agencies, including CDJFS or the county board of developmental disabilities, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Investigation Unit supervisor that he/she has responded to a drug lab or other narcotics crime scene where a victim is present or where evidence indicates that a victim lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the victim.

313.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an abuse victim is present or where there is evidence that a victim lives there should:

Yellow Springs Police Department

Adult or Vulnerable Person Abuse

- (a) Document the environmental, medical, social and other conditions of the victim, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigation Unit supervisor so an interagency response can begin.

313.10 STATE MANDATES AND OTHER RELEVANT LAWS

Ohio requires that all investigations involving abuse of an adult or vulnerable person be conducted jointly between department members and the appropriate social service agency.

313.10.1 RECORDS SECTION RESPONSIBILITIES

Discriminatory Harassment

314.1 PURPOSE AND SCOPE

This policy is intended to prevent Department members from being subjected to discrimination or sexual harassment.

314.1.1 CERTIFICATION STANDARDS

This policy contains content that pertains to the following Ohio Collaborative Law Enforcement Agency Certification (OCLEAC) Standard: 8.2015.2

[See attachment: OCLEAC Standards Compliance Checklist 8.2015.2.pdf](#)

314.2 POLICY

The Yellow Springs Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against members in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

314.3 DEFINITIONS

314.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on race, color, religion, sex, age, national origin or ancestry, genetic information, disability, military service, sexual orientation and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping, engaging in threatening acts; making indecent gestures, pictures, cartoons, posters or material, making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to policy and to a work environment that is free of discrimination.

Discriminatory Harassment

314.3.2 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

314.3.3 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.
- (b) Submission to or rejection of such conduct is used as the basis for employment decisions affecting the member.
- (c) Such conduct that has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile or offensive work environment.

314.3.4 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the Ohio Civil Rights Commission.
- (b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with Village or department rules or regulations, or any other appropriate work-related communications between supervisor and member.

314.4 RESPONSIBILITIES

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission (ORC § 4112.02).

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to their immediate supervisor may bypass the chain of command and make the report to a higher ranking supervisor or manager. Complaints may also be filed with the Chief of Police, Personnel Manager or the Village Manager.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Discriminatory Harassment

Any member who believes, in good faith, that he/she has been discriminated against, harassed, subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

314.4.1 SUPERVISOR RESPONSIBILITIES

Each supervisor and manager shall:

- (a) Continually monitor the work environment and strive to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Take prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.
- (c) Ensure their subordinates understand their responsibilities under this policy.
- (d) Ensure that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Notify the Chief of Police or Personnel Manager in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

314.4.2 SUPERVISOR'S ROLE

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.
- (b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.
- (c) Supervisors and managers must act promptly and responsibly in the resolution of such situations.
- (d) Supervisors and managers shall make a timely determination regarding the substance of any allegation based upon all available facts.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members or issuing discipline, in a manner that is consistent with established procedures.

Discriminatory Harassment

314.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved members should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination or harassment shall be fully documented, and promptly and thoroughly investigated. The participating or opposing member should be protected against retaliation, and the complaint and related investigation should be kept confidential to the extent possible.

314.5.1 SUPERVISORY RESOLUTION

Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable, threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

314.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and (except as herein provided) no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but not be limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Personnel Manager or the Village Manager.

314.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

Discriminatory Harassment

314.6 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the action taken to remedy or address the circumstances giving rise to the complaint.

314.7 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police, Personnel Manager or Village Manager if more appropriate.
- Maintained for the period established in the department's records retention schedule.

314.8 TRAINING

All new employees shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new employee. The employee shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term of employment.

All employees shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents and agree that they will continue to abide by its provisions.

314.8.1 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Personnel Manager or the Village Manager for further information, direction or clarification.

315.3 MANDATORY NOTIFICATION

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

315.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact the PCSA. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation (ORC § 2151.421(E)).

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to the PCSA.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Child Abuse

 - 2. There are reasonable grounds to believe that the child is in immediate danger from the child's surroundings and that the child's removal is necessary to prevent immediate or threatened physical or emotional harm.
 - 3. There are reasonable grounds to believe that a parent, guardian, custodian or other household member has abused or neglected another child in the household, and that the child is in danger of immediate or threatened physical or emotional harm.

Officers shall not remove a child without consultation with the PCSA, unless the report of abuse or neglect was made by a physician and, in the judgment of the officer and the physician, immediate removal is considered essential to protect the child from further abuse or neglect.

315.6.1 SAFE HAVENS FOR NEWBORNS

A parent may voluntarily surrender a newborn infant who is 30 days old or younger with an officer of the Yellow Springs Police Department. The officer shall perform any act necessary to protect the newborn's health or safety and notify PCSA as soon as practicable (ORC § 2151.3516; ORC § 2151.3517; ORC § 2151.3518).

The surrendering parent should be provided and asked to complete a Department of Jobs and Family Services (JFS) medical history form for the child. The parent is not required to complete the form; however, if the parent refuses to complete the form, the parent should be encouraged to take the form with them and complete and return at a later time (ORC § 2151.3518; ORC § 2151.3528).

The surrendering parent should also be offered any brochures prepared by the JFS regarding services available for parents and newborns (ORS § 2151.3518; ORC § 2151.3529).

A parent who voluntarily surrenders a newborn has the right to remain anonymous and shall not be coerced into revealing his/her identity, completing medical forms, accepting brochures, followed or pursued (ORC § 2151.3526; ORC § 2151.3529; ORC § 2151.3530).

The Safe Haven provisions do not apply if the child appears to have suffered child abuse or neglect and the officer should investigate the matter as a child abuse incident.

315.7 INTERVIEWS

315.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When

315.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

315.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

315.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

315.9.1 SUPERVISOR RESPONSIBILITIES

The Investigation Unit Supervisor should:

- (a) Work with professionals from the appropriate agencies, including the PCSA, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

Yellow Springs Police Department

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

The Yellow Springs Police Department recognizes and places a high priority on the rights of all individuals guaranteed under the Constitution and the laws of this state. When such rights are infringed upon by violence, threats or other harassment, this department will utilize all available resources to see that justice is served under the law. This policy has been developed to meet or exceed the provisions of the Matthew Shepard and James Byrd, Jr. Hate Crimes Prevention Act, and provides members of this department with guidelines for identifying and investigating incidents and crimes that may be motivated by hatred or other bias.

319.1.1 FEDERAL JURISDICTION

The federal government has the power to investigate and prosecute bias-motivated violence by providing the U.S. Department of Justice (USDOJ) with jurisdiction over crimes of violence where the perpetrator has selected the victim because of the person's actual or perceived race, color, religion, national origin, gender, sexual orientation, gender identity or disability (18 USC § 245).

Definitions related to this policy include:

Prejudice, Bias or Hate Crime - Willfully committing a crime because the actual or perceived race, color, religion or national origin was different from that characteristic of the perpetrator.

Ethnic Intimidation - No person shall violate ORC § 2903.21, ORC § 2903.22, ORC § 2909.06, ORC § 2909.07 or ORC § 2917.21(A)(3), (4) or (5) by reason of the race, color, religion or national origin of another person or group of persons (ORC § 2927.12).

- (d) The assigned officers will interview available witnesses, victims and others to determine what circumstances, if any, indicate that the situation may involve a hate or prejudice crime.
- (e) Depending on the situation, the assigned officers or supervisor may request additional assistance from investigators or other resources to further the investigation.
- (f) The assigned officers will include all available evidence indicating the likelihood of a hate or prejudice crime in the relevant reports. All related reports will be clearly marked as "Hate or Prejudice Crimes" and, absent prior approval of a supervisor, will be completed and submitted by the assigned officers before the end of the shift.
- (g) The assigned officers should also make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as required by the Victim Assistance Policy.
- (h) The assigned officers and supervisor should take reasonable steps to ensure that any such situation does not escalate further and should provide information to the victim regarding legal aid (e.g., a possible Temporary Restraining Order) through the courts or City and County Prosecutor or Village Attorney.

Standards of Conduct

320.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Yellow Springs Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or the member's supervisors.

These standards are in addition to the standards set forth in the Village of Yellow Springs Personnel Policy Manual.

320.1.1 CERTIFICATION STANDARDS

This policy contains content that pertains to the following Ohio Collaborative Law Enforcement Agency Certification (OCLEAC) Standard: 12.2016.4

[See attachment: OCLEAC Standards Compliance Checklist Updated 2017.pdf](#)

320.2 POLICY

The continued employment or appointment of every member of the Yellow Springs Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

320.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

320.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Standards of Conduct

respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

320.3.2 SUPERVISOR RESPONSIBILITIES

Supervisors and managers are required to follow all policies and procedures and may be subject to discipline for:

- (a) Failure to be reasonably aware of the performance of their subordinates or to provide appropriate guidance and control.
- (b) Failure to promptly and fully report any known misconduct of a member to his/her immediate supervisor or to document such misconduct appropriately or as required by policy.
- (c) Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.
- (d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

320.4 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and Ohio Constitutions and all applicable laws, ordinances and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

320.4.1 SALUTING AND PAYING RESPECTS

The practice of saluting in public gives the impression of a well-trained and disciplined organization. Personnel in uniform must render a salute:

- During the passing of the colors (uniformed employees come to attention).
- During the raising or lowering of the colors, or playing of the National Anthem (uniformed employees come to attention and remain until act or anthem is completed).

This section will be in compliance with LEADS Security Policy, Auditable Events and Content Section 5.4.1 of the LEADS Security Policy.

The information system shall produce, at the application and/or operating system level, audit records containing sufficient information to establish what events occurred, the sources of the events, and the outcomes of the events. LEADS Disciplinary Policy - [Yellow Springs PD Procedure Manual: 806.1 LEADS Disciplinary Policy](#)

Report Preparation

322.1 PURPOSE AND SCOPE

Report preparation is a major part of each employee's job. The purpose of reports is to document sufficient information to refresh the employee's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formal and on-the-job training.

322.1.1 REPORT PREPARATION

Employees should ensure that their reports are sufficiently detailed for their purpose and reasonably free of errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty, unless permission to delay submission of the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads or arrest reports where the suspect remains in custody should not be delayed.

Handwritten reports must be prepared legibly. If the report is not prepared legibly, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, witnesses, all pertinent information seen, heard or assimilated by any other sense and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

322.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department-approved form unless otherwise approved by a supervisor.

322.2.1 CRIMINAL ACTIVITY

When a member responds to a call for service or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the member shall document the incident regardless of whether a victim desires prosecution.

Activity to be documented in a written report includes:

- (a) All arrests
- (b) All felony crimes
- (c) Non-felony incidents involving threats or stalking behavior
- (d) Situations covered by separate policy. These include:
 - 1. Use of Force Policy

2. Domestic Violence Policy
3. Child Abuse Policy
4. Adult or Vulnerable Person Abuse Policy
5. Hate or Prejudice Crimes Policy
6. Suspicious Activity Reporting Policy

- (e) All misdemeanor crimes where the victim desires a report

Misdemeanor crimes where the victim does not desire a report shall be documented using the department-approved case report form and will indicate that the victim did not wish to file a report or pursue criminal prosecution.

322.2.2 NON-CRIMINAL ACTIVITY

The following incidents shall be documented using the appropriate approved report:

- (a) Anytime an officer points a firearm at any person.
- (b) Any use of force by a member of this department (see the Use of Force Policy).

322.2.4 INJURY OR DAMAGE BY VILLAGE PERSONNEL

Reports shall be taken if an injury occurs that is a result of an act of a Village employee. Reports also shall be taken when there is damage to Village property or Village equipment.

322.2.5 MISCELLANEOUS INJURIES

Any injury that is reported to this department shall require a report when:

- (a) The injury is a result of a drug overdose.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Report Preparation

- (b) There is an attempted suicide.
- (c) The injury is major or serious, whereas death could result.
- (d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

322.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all employees and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

Whenever an arrest has been made or offense of violence is reported, or a report is to be taken and the follow up to the report is time sensitive, the report must be completed by the responding officer before the officer may go off duty. A supervisor may grant an exception to this after consulting with the reporting officer.

322.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for department consistency.

322.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

322.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor may make corrections that are minor in nature and that do not change basic facts or elements of the report. An example of this would be when a supervisor makes a change to correct an improperly used offense code or minor grammatical errors on the part of the officer. This will ensure that report processing and entry into the records system is not delayed unreasonably. Any significant changes or corrections to a report, such as a missing or incomplete narrative, will be rejected back to the originating officer. The reviewing supervisor will note the required corrections inside of the report. It shall be the responsibility of the originating employee to ensure that any report returned for correction is processed in a timely manner.

Report Preparation

322.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted to the Records Section for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records Section may be corrected or modified by the authoring employee only with the knowledge and authorization of the reviewing supervisor.

Media Relations

323.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities allowing the prompt release of records in accordance with the mandates of the Ohio Public Records Law (ORC § 149.43).

However, in situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Sergeants or another designated officer may prepare and release information to the media in accordance with this policy and the applicable law.

323.2.1 MEDIA REQUEST

Any media request for information or access to a law enforcement situation shall be referred to the designated Department media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

- (a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated Department media representative.
- (b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.
- (c) Under no circumstance should any member of this department make any comments to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police.

323.3 MEDIA ACCESS

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Media Relations

- (c) No member of this department shall be required to submit to media visits or interviews without the consent of the involved employee.
- (d) Media interviews with individuals who are in custody shall not be permitted unless in compliance with a jail facility policy. Exceptions are only permitted with the approval of the Chief of Police and the express written consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media shall be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Press Information Officer.

323.3.1 TEMPORARY FLIGHT RESTRICTIONS

Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hamper incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Sergeant. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident. It should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (Federal Aviation Regulations § 91.137).

323.3.2 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception, the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

323.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

The Department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Sergeant. This log will consist of data classified as public and should generally contain:

- (a) The date, time, location, case number, type of crime, extent of injury or loss and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.
- (b) The date, time, location, case number, name, birth date and charges for each person arrested by this department, unless the release of such information would endanger

- (c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law.

Identifying information concerning deceased individuals should only be released to the media when the decedent's identity has been verified and the release is approved by a supervisor.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated media representative, the custodian of records, or if unavailable, to the Sergeant. Such requests will generally be processed in accordance with the provisions of the Ohio Public Records Act (ORC § 149.43). Questions concerning the mandates of the Ohio Public Records Act should be resolved through legal counsel.

323.4.1 STATE RESTRICTED INFORMATION

It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department (see the Records Maintenance and Release and the Personnel Files policies). When in doubt, authorized and available legal counsel should be obtained.

328.4.1 STAFF NOTIFICATION

In the event an incident occurs as identified in the Minimum Criteria for Notification above, the Chief of Police shall be notified along with the appropriate Sergeant

328.4.2 INVESTIGATOR NOTIFICATION

If the incident requires that an officer or investigator respond from home, The Chief of Police, Sergeant or a designee shall make the appropriate contact with the specific staff member. Death Investigation

329.1 PURPOSE AND SCOPE

Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The importance of a thorough death investigation cannot be emphasized enough.

329.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Emergency Medical Services shall be called in all suspected death cases, unless the death is obvious (e.g., decapitated or decomposed). A supervisor shall be notified in all death investigations.

329.2.1 CORONER REQUEST

The Coroner shall be called and notified of all known facts concerning the time, place, manner and circumstances in all sudden or unexpected deaths or deaths due to other than natural causes including, but not limited to (ORC § 313.12(A)):

The investigation is required to incorporate the examinations required by law (OAC § 3701-5-14).

329.2.3 SEARCHING DEAD BODIES

The Coroner or his/her assistants and authorized investigators are generally the only persons permitted to move, handle or search a body known to be dead.

An officer is permitted to make a reasonable search of an individual who it is reasonable to believe is dead, or near death, for a document of gift or other information identifying the individual as a donor or as an individual who made a refusal (ORC § 2108.12(A)(1)). If a donor document is located, the Coroner shall be promptly notified.

Should exigent circumstances indicate to an officer that any other search of a known dead body is warranted prior to the arrival of the Coroner, the investigating officer shall first obtain verbal consent from the Coroner.

Whenever personal effects are removed from the body of the deceased by the Coroner, a receipt shall be obtained. This receipt shall be attached to the death report.

Whenever reasonably possible, a witness, preferably a relative of the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer, pending the arrival of the Coroner.

Death Investigation

The name and address of this person shall be included in the narrative of the death report.

329.2.4 DEATH NOTIFICATION

Officers investigating a traffic collision and who discover any person who is deceased or is pronounced dead at the scene, or who suffers a serious, life-threatening injury in a motor vehicle accident, is responsible for identifying the person and notifying the person's next of kin (ORC § 4501.80).

Identification of victims and notification should be done without delay although proper and accurate identification of victims is necessary prior to making any notification to the next of kin. Identification resources include the next of kin registration database maintained for law enforcement by the Bureau of Motor Vehicles and the Coroner.

Notification to the next of kin of a deceased person shall be made, in person, by the officer assigned to the incident in compliance with Department training on death notifications. If the next of kin lives in another jurisdiction, a law enforcement official from that jurisdiction may be requested to make the personal notification.

In non-traffic deaths, when notification is not performed by the Coroner, and if a deceased person has been identified as a missing person, this department should attempt to locate family members and inform them of the death and location of the deceased missing person's remains as described above.

In all notifications, the notification shall be documented and the Coroner shall be informed whether the notification has been made.

Should a human death result from a fire, this department may notify the state or Village fire marshal as allowed by law.

The United States Department of State requires notification of a consular official when a government official becomes aware of the death of a foreign national.

329.2.5 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Coroner arrives, the Coroner will issue a "John Doe" or "Jane Doe" number for the report.

329.2.6 UNIDENTIFIED BODIES DATA ENTRY

The Unit shall be notified to determine the possible need for an investigator to respond to the scene for further immediate investigation.

If the on-scene supervisor or officer, through consultation with the Sergeant or Investigation Unit supervisor, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

The assigned investigator investigating a homicide or a death under suspicious circumstances may, with the approval of his/her supervisor, request the Coroner to conduct physical examinations and tests and provide a report.

329.2.9 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any member of this department who responds to and determines that a death, serious illness or serious injury has occurred as a result of an accident at or in connection with the victim's employment should ensure that the nearest office of the Occupational Health and Safety Administration or the Ohio Public Employment Risk Reduction Program is notified by telephone or electronic notification with all pertinent information.

Identity Theft

330.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

330.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft (ORC § 2913.49(B)) shall initiate a report for crimes occurring in this jurisdiction.
- (b) For incidents of identity theft occurring outside this jurisdiction officers may either:
 1. Complete a courtesy report to be forwarded to the agency where the crime was committed or if the location is unknown, to the victim's residence agency.
 2. If no report is taken, encourage the victim to promptly report the identity theft to the law enforcement agency where he/she resides.
- (c) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction that have resulted from the original identity theft (e.g., the identity theft occurred elsewhere but the credit card fraud occurred and is reported in this jurisdiction).
- (d) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (e) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and the Ohio Department of Public Safety's Driver and Vehicle Services Division) with all known report numbers.
- (f) Following supervisory review and Department processing, the initial report should contain follow-up investigation, coordination with other agencies and prosecution as circumstances dictate.

330.3 PREVENTIVE MEASURES

The victim should be advised to place a security freeze on his/her consumer report, as allowed by law. A victim may also access <http://www.ohioattorneygeneral.gov/consumerlaws> for further information.

Employees of this department shall notify the Records Clerk of any breach of the security of any Department information systems if personal information is reasonably believed to have been accessed and acquired by an unauthorized person that could cause a material risk of identity theft or other fraud to a resident of Ohio (ORC § 1347.12(B)(1) and ORC § 1349.19(C)).

The Records Clerk shall notify the person whose personal information has been breached using any of the methods allowed pursuant to ORC § 1347.12(E) (ORC § 1347.12(B)(1)).

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Identity Theft

The notification may be delayed if it is reasonably believed that the disclosure would impede a criminal investigation or jeopardize homeland or national security (ORC § 1347.12(D)).

330.4 INFORMATION

The victim should be encouraged to contact the Federal Trade Commission (FTC), which is responsible for receiving and processing complaints under the Identity Theft and Assumption Deterrence Act. The victim can contact the FTC online at <http://www.ftc.gov/bcp/menus/consumer/data/idt.shtm> or by telephone at 877-ID Theft (877-438-4338). Pupil Arrest Reporting

334.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the procedures to follow when a pupil is arrested on school grounds and during school hours.

334.2 PUPIL ARREST REPORTING

In the event a school pupil is arrested, the arresting officer shall include information in the report necessary to ensure that notification is made or can be made to the chief administrative officer of the school or appropriate designee of the arrest of a pupil.

334.2.1 PUPIL ARREST AFTER NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to notify the school prior to the arrest. Prior notification and assistance from the school may reduce disruption to school operations and other students.

334.2.2 PUPIL ARREST BEFORE NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to arrest the pupil before notifying the school. This may be appropriate if the pupil is a flight risk, if prior notification will impede the investigation or if notification creates additional risks to students, faculty, the officer or the public.

Proper notification to the school after the pupil's arrest should then be made when circumstances reasonably allow.

334.2.3 PARENTAL NOTIFICATION

Upon arrest, it is the arresting officer's responsibility to ensure the parents of the arrested pupil are properly notified. Notification shall be made by the officer, regardless of subsequent notifications by the juvenile detention facility. Notifications should be documented and include the charges against the pupil and information as to where the pupil will be taken.

Biological Samples

335.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. Yellow Springs Police Department

Yellow Springs PD Policy Manual

Biological Samples

335.4.1 COLLECTION

The following steps should be taken to collect a sample:

- (a) Verify that the individual is required to provide a sample pursuant to ORC § 2901.07 and that his/her identity has been verified as required under OAC § 109:5-5-02.
- (b) Verify that a biological sample has not been previously collected from the offender by querying the Ohio Law Enforcement Gateway (OHLEG). There is no need to obtain a biological sample if one has been previously obtained (OAC § 109:5-5-02).
- (c) Use the designated collection kit provided by the Ohio Bureau of Criminal Investigation (BCI) to perform the collection and take steps to avoid cross contamination.

335.5 USE OF FORCE TO OBTAIN SAMPLES

If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

- (a) The person's parole or probation officer when applicable.
- (b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
- (c) The judge at the person's next court appearance.
- (d) The person's attorney.
- (e) A chaplain.

The supervisor shall review and approve any plan to use force and be present to document the process.

335.5.1 VIDEO RECORDING

A video recording should be made any time force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department's records retention schedule.

335.6 LEGAL MANDATES AND RELEVANT LAWS

335.6.1 PERSONS AUTHORIZED TO OBTAIN A SAMPLE

If the biological sample is collected by withdrawing blood or another similarly invasive procedure, a physician, registered nurse, licensed practical nurse, duly licensed clinical laboratory technician or other qualified medical practitioner shall collect the sample in a medically approved manner.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Biological Samples

This requirement does not apply to a sample that is collected by a buccal swab or similarly non-invasive procedure (ORC § 2901.07(C)).

335.6.2 AUTHORITY TO OBTAIN SECONDARY SAMPLE

If a query of OHLEG indicates that a sample has been previously collected but is no longer denoted on the individual's criminal history record, another sample shall be obtained from the individual and forwarded to BCI (OAC § 109:5-5-02).

In addition, if BCI notifies the Yellow Springs Police Department of receipt of an unusable sample, a secondary sample shall be obtained and forwarded to BCI for analysis (OAC § 109:5-5-02).

335.6.3 SUBMISSION OF SAMPLE

The collecting officer will submit the biological sample to the property room in accordance to the set procedures and policies regarding evidence collection and submission. The Property Room Manager shall ensure that the biological sample is forwarded to the BCI no later than 15 days after the date of the collection (ORC § 2901.07(C)).

335.6.4 CONFIDENTIALITY OF RECORDS

Members of the Yellow Springs Police Department shall not knowingly disclose a biological sample, record or other information contained in the DNA database to an unauthorized entity (ORC § 109.573; ORC § 109.99).

Service Animals

339.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Yellow Springs Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

339.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

339.2.1 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities. Service animals may accompany the handler or companion person into, and is entitled to the full use of services to which the general public is invited (ORC § 955.43).

The following are some examples of the ways service animals may be used to provide assistance:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting people with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

339.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the public is allowed. Department members are expected to treat individuals with

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Service Animals

service animals with the same courtesy and respect that the Yellow Springs Police Department affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations, an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually. Past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with the disability.

If it is apparent or if an officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal, and no further questions as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner in all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

Off-Duty Law Enforcement Actions

342.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Yellow Springs Police Department with respect to taking law enforcement action while off-duty.

342.2 POLICY

Officers generally should not initiate law enforcement action while off-duty. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

When the safety of the public or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

Officers should remember that their authority as a peace officer may not extend to actions taken outside their jurisdiction unless authorized by law (ORC § 2935.02, ORC § 2935.03(D) and ORC § 2935.04).

342.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations, state law and Department policy. All firearms and ammunition must meet guidelines as described in the Department Firearms Policy. When carrying firearms while off-duty, officers shall also carry their Department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the officer's senses or judgment.

Off-duty employees shall not carry firearms in establishments for which a "D" liquor permit has been issued and alcohol is being consumed (ORC § 2923.121(A)).

Off-Duty Law Enforcement Actions

342.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable and should take into consideration:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, Oleoresin Capsicum (OC) spray or baton.
- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive and gather as much accurate intelligence as possible instead of immediately intervening.

342.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Yellow Springs Police Department officer until acknowledged. Official identification should also be displayed.

342.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances, officers should call the responsible agency to handle the matter.

342.4.3 RESPONSIBILITIES

Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

342.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

342.5 REPORTING

Any officer, prior to taking any off-duty enforcement action, shall notify and receive approval of a supervisor (or other applicable law enforcement authority if acting outside the jurisdiction of the Yellow Springs Police Department). If prior contact is not reasonably possible, an officer shall notify the applicable local law enforcement agency as soon as reasonably practicable. The Sergeant shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of the patrol unit of the Department to ensure intraorganizational cooperation and information sharing.

400.1.1 FUNCTION

Officers will generally patrol in clearly marked vehicles. They will patrol assigned jurisdictional areas of Village of Yellow Springs, respond to calls for assistance, act as a deterrent to crime, enforce state, local and federal laws when authorized or empowered by agreement or statute, and respond to emergencies 24 hours a day, seven days a week.

Patrol will generally provide the following services within the limits of available resources:

- (a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order and the discovery of hazardous situations or conditions.
- (b) Crime prevention activities, such as residential inspections, business inspections and community presentations.
 - 1. The Yellow Springs Police Department encourages officers to make periodic checks inside liquor permit holder's establishments as a routine practice. For procedures on conducting the checks, refer to the Yellow Springs PD Procedure Manual: [400.1 LIQUOR PERMIT HOLDER CHECKS](#)
- (c) Calls for service, both routine and emergency.
- (d) Investigation of both criminal and non-criminal acts.
- (e) The apprehension of criminal offenders.
- (f) Community Oriented Policing and problem-solving activities, such as citizen assists and individual citizen contacts of a positive nature.
- (g) The sharing of information between the patrol and other Units within the Department, as well as other government agencies.
- (h) The application of resources to specific problems or situations within the community that may be improved or resolved by Community Oriented Policing and problem-solving strategies.
- (i) Traffic direction and control.
- (j) Disasters, civic unrest and natural emergencies.
- (k) Assist in the service of civil papers.

400.1.2 TERRORISM

It is the goal of the Yellow Springs Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Patrol Function

terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI).

The supervisor should ensure that all terrorism-related reports and FIs are forwarded to the Investigation Unit supervisor in a timely fashion.

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intraorganizational cooperation and information flow between the various Units of the Yellow Springs Police Department.

400.2.1 CRIME ANALYSIS UNIT

The Crime Analysis Unit will be the central unit for information exchange. Criminal information and reports can be submitted to the Records Section for distribution to all Units within the Department through daily and special bulletins.

400.2.2 CRIME REPORTS

A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate bureau for retention or follow-up investigation.

400.2.3 PATROL BRIEFINGS

Patrol supervisors, investigative sergeants and special unit sergeants are encouraged to share information as much as reasonably possible. All supervisors and/or officers will be provided an opportunity to share information through daily patrol briefings, as time permits.

400.2.4 INFORMATION PASS-ON MATERIALS

Several information clipboards or binders will be maintained in the briefing room and will be available for review by officers from all Units within the Department.

400.2.5 BULLETIN BOARDS

A bulletin board will be kept in the briefing room and the Investigation Unit for display of suspect information, investigative reports and photographs. New General Orders will be made available for patrol supervisors and will be discussed at briefings and shift meetings. A copy of the General Order will be placed on the briefing room clipboard.

400.3 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Patrol Function

responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

400.4 INCLEMENT WEATHER SHUTDOWN

During severe weather conditions, it may be necessary for Patrol units to respond only to emergency calls. During such conditions, Patrol units handle non-emergency calls by telephone when practical. At the direction of a sergeant, the Dispatch Center instructs all Patrol units to "shutdown" due to inclement weather.

When inclement weather forces a patrol "shutdown", officers must use the following procedure:

- (a) A sergeant or the officer in charge shuts down at the Police Department.
- (b) If staffing allows, the second office shuts down near the area of Xenia Avenue and High Street.

Sergeants have the ability to assign other employees to locations as necessary.

Officers must obtain from the complainant all information necessary to generate an offense report. They forward the report through the normal channels so a follow-up investigation occurs as quickly as practical.

Dispatch Center employees are responsible for advising the complainants that patrol units are responding to emergency calls only, due to the inclement weather, and that an officer will contact them by telephone.

Bias-Based Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Yellow Springs Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

401.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement.

401.2 POLICY

The Yellow Springs Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

401.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

401.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

401.4.1 REASON FOR CONTACT

Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Bias-Based Policing

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

401.4.2 REPORTING TRAFFIC STOPS

Each time an officer makes a traffic stop, the officer shall report the gender, race, or ethnicity of the driver.

401.5 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

- (a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.
 - (a) Supervisors should document these discussions, in the prescribed manner.
- (b) Supervisors should periodically review Mobile Video Recorder recordings, portable audio/video recordings, Mobile Data Terminal (MDT) data and any other available resource used to document contact between officers and the public to ensure compliance with this policy.
 - 1. Supervisors should document these periodic reviews.
 - 2. Recordings or data that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.

401.6 ADMINISTRATION

Each year, the Uniform Patrol Sergeant should review the efforts of the Department to provide fair and objective policing and submit an annual report, including public concerns and complaints, to the Chief of Police. The annual report should not contain any identifying information about any specific complaint, citizen or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors should review the annual report and discuss the results with those they are assigned to supervise.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Bias-Based Policing

401.6.1 PUBLISHING AN ANNUAL REPORT TO THE PUBLIC

The Chief of Police or the authorized designee shall prepare an annual report for the public that documents the annual administrative review of agency practices, data collected and citizens' concerns.

401.7 TRAINING

Annual training on fair and objective policing and review of this policy should be conducted as directed by the Training Section. The training should include profiling related training that should include field contacts, traffic stops, search issues, asset seizure and forfeiture, interview techniques, cultural diversity, discrimination and community support.

401.7.1 TRAINING FREQUENCY AND TOPICS

The Training Section should provide annual training that includes topics, such as field contacts, traffic stops, search issues, asset seizure and forfeiture, interview techniques, cultural diversity, discrimination and community support.

Ride-Alongs

405.1 PURPOSE AND SCOPE

The ride-along program provides an opportunity for persons to experience the law enforcement function firsthand. This policy provides the requirements, approval process and hours of operation for the ride-along program.

405.1.1 ELIGIBILITY

The Yellow Springs Police Department ride-along program is offered to residents, students and those employed within the Village. Reasonable efforts should be made to accommodate interested persons. Any applicant may be disqualified with or without cause from participating in the program.

The following factors may be considered in disqualifying an applicant and are not limited to:

- Being under 15 years of age.
- Prior criminal history.
- Pending criminal action.
- Pending lawsuit against the Department.
- Denial by any supervisor.

405.1.2 AVAILABILITY

The ride-along program is available on most days of the week with consideration given to scheduled manpower. Exceptions to this schedule may be made as approved by the Chief of Police, Sergeant.

405.2 PROCEDURE TO REQUEST A RIDE-ALONG

Generally, ride-along requests will be scheduled by the Sergeant. The participant will complete and sign a ride-along waiver form. Information requested will include a valid driver license or identification, address and telephone number.

The Sergeant will schedule a date, based on availability, at least one week after the date of application. If approved, a copy of the ride-along waiver form will be forwarded to the respective Sergeant as soon as possible for his/her scheduling considerations.

If the ride-along is denied after the request has been made, a representative of the Department will contact the applicant and advise him/her of the denial.

405.2.1 PROGRAM REQUIREMENTS

Once approved, civilian ride-alongs will be allowed to ride no more than once every six months. An exception would apply to the following: cadets, explorers, qualified volunteers, chaplains, reserves, auxiliary and police applicants with approval of the Sergeant.

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Normally, no more than one ride-along will be allowed in the officer's vehicle

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Ride-Alongs

at a given time. When practicable, ride-alongs who request multiple opportunities to participate in the ride-along program should be rotated among officers.

Ride-along requirements for police cadets are covered in the Police Cadets Policy.

405.2.2 SUITABLE ATTIRE

Any person approved to ride-along is required to be suitably dressed in a collared shirt, blouse or jacket, slacks and shoes. Sandals, t-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. Hats and ball caps will not be worn in the police vehicle. The Sergeant or field supervisor may refuse a ride-along to anyone not properly dressed.

405.2.3 PEACE OFFICER RIDE-ALONGS

Off-duty members of this department or any other law enforcement agency will not be permitted to ride-along with on-duty officers without the express consent of the Sergeant. In the event that such a ride-along is permitted, the off-duty employee shall not be considered on-duty and shall not represent themselves as a peace officer or participate in any law enforcement activity except as emergency circumstances may require.

A civilian observer who is certified as a peace officer in the State of Ohio may discreetly carry a firearm concealed on his person. Any other civilian observer, whether the civilian observers possesses a Concealed Carry permit or not, are prohibited from carrying a conceal weapon as an observer.

405.2.4 CIVILIAN EMPLOYEE RIDE-ALONGS

Off-duty civilian employees of this department may ride-along with on-duty officers. Off-duty civilian members of other law enforcement agencies will not be permitted to ride-along with on-duty officers without the express consent of the Sergeant.

In the event that such a ride-along is permitted, the off-duty civilian member shall not be considered on-duty and shall not participate in any law enforcement activity except as emergency circumstances may require.

405.2.5 RIDE-ALONG CRIMINAL HISTORY CHECK

All ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Department of Justice Criminal History System check prior to approval (provided that the ride-along is not an employee of the Yellow Springs Police Department).

405.3 OFFICER'S RESPONSIBILITIES

The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times.

Officers should use sound discretion when encountering a potentially dangerous situation, such as a high-speed pursuit. If practicable, the participant should be let out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practicable

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Ride-Alongs

have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

Conduct by a person participating in a ride-along that results in termination of the ride or is otherwise inappropriate should be immediately reported to the Sergeant.

The Sergeant is responsible for maintaining and scheduling ride-alongs. Upon completion of the ride-along, a copy of the ride-along waiver form shall be returned to the Sergeant with any comments that may be offered by the officer.

405.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit participation. These instructions should include the following:

- (a) The ride-along will follow the directions of the officer.
- (b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects or handling any police equipment.
- (c) The ride-along may terminate the ride at any time and the officer may return the observer to his/her home, the place of the ride origin or to the station if the ride-along interferes with the performance of the officer's duties.
- (d) Ride-alongs may be allowed to continue riding during the transportation and booking process, provided this does not jeopardize their safety.
- (e) Officers will not allow any ride-alongs to be present in any residence or situation that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other person.
- (f) Under no circumstance shall a civilian ride-along be permitted to enter a private residence with an officer without the express consent of the resident or other authorized person.
- (g) Ride-alongs shall be returned to his/her home, the place of the ride origin or to the station when the ride-along is terminated.

Hostage and Barricade Incidents

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

407.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

407.2 POLICY

It is the policy of the Yellow Springs Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

407.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

407.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Hostage and Barricade Incidents

the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

407.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Press Information Officer.
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Hostage and Barricade Incidents

407.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Press Information Officer (PIO).

If necessary and available, establish a tactical or exclusive radio frequency for the incident.

407.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Hostage and Barricade Incidents

and assume the role of Incident Commander until properly relieved. This includes requesting a GCS response if appropriate and apprising the GCS Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the Village during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.
- (i) Identify a media staging area outside the outer perimeter and have the department PIO or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

407.6 GREENE COUNTY SWAT RESPONSIBILITIES

It will be the Incident Commander's decision, with input from the GCS Commander, whether to deploy the GCS during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the GCS Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the GCS. The Incident Commander and the GCS Commander or the authorized designee shall maintain communications at all times.

407.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

408.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Yellow Springs Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

408.2 POLICY

It is the policy of the Yellow Springs Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

408.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Sergeant is immediately advised and informed of the details. This will enable the Sergeant to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

408.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

408.4.1 YELLOW SPRINGS POLICE DEPARTMENT FACILITY

If the bomb threat is against the Yellow Springs Police Department facility, the Sergeant will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

408.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Yellow Springs Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Sergeant deems appropriate.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Response to Bomb Calls

408.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

408.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the Village of Village of Yellow Springs, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Sergeant is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

408.5.1 ASSISTANCE

The Sergeant should be notified when police assistance is requested. The Sergeant will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Sergeant determine that the Department will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.
- (b) The plan for assistance.

Yellow Springs Police Department

Yellow Springs PD Policy Manual

Response to Bomb Calls

- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

408.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 - 1. Two-way radios
 - 2. Cell phones
 - 3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Sergeant including:
 - 1. The time of discovery.
 - 2. The exact location of the device.

Non-discrimination and equal employment opportunity is the policy.
